

MARVIN SKYLIGHT

DISCOVER MARVIN SKYLIGHT

The Marvin Skylight delivers expansive views of the outside world and allows you to incorporate the benefits of natural light into your home. With its unique, design-forward sizes, narrow sightlines, and uncluttered aesthetic, the Marvin Skylight will introduce a beautiful, light-filled architectural element into any space.

FEATURES

- Sleek design
- Durable and low-maintenance structural polymer (fiberglass composite) frame
- Narrow sightlines provide more visible daylight compared to current offerings from other manufacturers
- Flush glazing sheds debris and prevents pooling
- The same unit can be installed on either a curb or directly to the roof deck
- Non-venting
- Third party shades can be added
- Maximum sizes up to 48" x 90"
